

Triangle's Angle In Death Mystery

Here's a recent picture of Mrs. Josie M. Keith-Miller, Australian actress, central figure in the sensational triangle murder trial at Miami, Fla. She has defended stoutly her first partner, Captain W. N. Lancaster, charged with murdering Hayden Clark, writer who stole her affections from Lancaster.

ALD. H. BAKER STILL STANDS BEHIND PLAN

Commissioners' Report to Finance Committee Criticized

Although Ald. Herbert Baker still stands firm in belief that a system of discounts on repayment of city taxes could be adopted to the benefit of taxpayers, city commissioners are of the opinion that such a move would not prove satisfactory, according to a report submitted at the regular meeting of the civic finance committee.

This report was compiled following a conference between Ald. H. Baker, Mayor D. K. Scott, Commissioner Thomas Walker and Ald. Baker, chairman of the finance committee.

Other business discussed at Tuesday's meeting included a review of the situation as pertaining to the forthcoming revaluation of city land assessments. The work of revaluation of building assessments, has been in progress for about six weeks.

Gronau Lands At La Biche

LAC LA BICHE, Aug. 17.—Skimming out of the eastern sky Captain Wolfgang von Gronau, during trans-Atlantic flyer, and his three companions dropped their flying boat, Gronau West, down to a perfect landing at 2:18 p.m. yesterday. The ship was first sighted at 2:12 p.m. Three miles later could be heard the drum of 24 cylinders working as one and which have yet to give the airmen their first trouble.

Circling over the village once, they struck over the lake and began to lose altitude quickly, touching the smooth water about a mile from shore. The boat was down in under its own power and came to a standstill at Cape von Gronau made his appearance on the lake. He was met by Captain J. H. Leysen, chairman of the R.C.M.P. La Biche detachment, Sidney Taylor, chairman of the finance committee, and Father R. Woodhouse, parish priest. When the ship had been securely moored to the government wharf, the airmen and their crew were taken in cars to the Alberta hotel.

CAPTAIN VERY PLEASED Interviewed in his room later the Captain seemed very pleased over everything in connection with his Alberta itinerary. He found the lake an ideal landing spot with every facility for the ship himself and crew.

"For what reason did you choose the northern route across Western Canada?" he was asked.

"Well, for two reasons. One because the gas and oil had been sent up here and because we wanted to get away from the large cities. At first I found interviews with the press very exciting but they were not. They all want to know the real purpose of my flight. The real purpose of this flight is to try and establish a commercial route for the north."

Illness May Heal Rift Of Hearts

Her condition aggravated by worry over her dwindling fortune, Edith Rockefeller McCormick, daughter of John D. Rockefeller and one of the world's richest women, is seriously ill in her Chicago hotel apartment at McCormick. Her daughter Muriel (shown right), wife of Major Elmer Dyer Hubbard, is almost constantly at her bedside. The noted socialite, divorced husband, Harold P. McCormick, is returning to Chicago from the west coast with a reconciliation reported assured, and another daughter, Mathilde, wife of Max O'Brien, has left her Swiss home to sail for the United States. Mrs. McCormick and her daughter Muriel long had been estranged.

British Pilot's Case Is Ending

FLASH: 2:55 p.m.—Lancaster acquitted.

MIAMI, Fla., Aug. 17.—The case of Captain W. N. Lancaster, on trial for the slaying of Hayden Clark who succeeded Lancaster in the affections of Mrs. J. M. Keith-Miller, actress, was given a very final.

In closing arguments, state's attorney N. Vernon Hawthorne said that the jury should be carefully pointed to this case's record in the past year's detail of the murder of Clark.

FIGHTING MALES "The case," he asked, "when Lancaster came back here and found Clark's wife, the woman in love, he slunk away like he says he did and planned to leave town."

"No," he said. "The making of our species will fight to the death for the female it loves, the animal of the field will do the same, so will the male bird, and, gentlemen, so did the war bird—the war aviator sitting before you."

FOR PUBLICITY LOVE Hawthorne attacked the testimony of Albert H. Hamilton, criminologist of Auburn, N.Y., who testified he believed Clark was a suicide.

"An expert is just a smart man away from truth," he said. "This expert told this case merely for the sake of publicity he would get in the papers of the world."

Russia Casts Shadow Over Parley Meet

OTTAWA, Aug. 17.—The Imperial conference committee on foreign relations is understood to include in its report recommendations that:

- 1.—No really obligational loan of Charles and Anne Morrow Lindbergh, this aristocratic aviator returned the worst Tuesday of his life to the birth of his second son.
- 2.—No crowds assembled at the stone gate of the big home on Lyndhurst street. Many who deluged the famous parents with congratulations when Charles and Anne, Jr., was born, remained away, leaving the couple to their devoted isolation.
- 3.—Dr. Charles A. Lindbergh in a statement said:

"My children and I have made our home in New Jersey. It is naturally our wish to continue to live there near our friends and interests."

BLAME FOR DEATH "Obviously, however, it is impossible for us to subject the life of our second son to the publicity which we feel was in a large measure responsible for the death of our first son."

Referee Mangold Given Suspension

JERSEY CITY, N.Y., Aug. 17.—Referee Joe Mangold, who gave the decision in Stanley Purcell in a 10-round bout with Primo Carnera last night, was suspended by the state athletic commission for what was termed an "unreasonable decision."

The decision given by Mangold was the worst he has ever seen, Commissioner George C. Kossman said. "He was very much influenced by the crowd," he said. "He should have been fair."

Ontario Legion Official Resigns

OTTAWA, Aug. 17.—A resignation of the Ontario Legion provincial first vice-president of the Canadian Legion, has been tendered his resignation from that office to become effective next month. His resignation was accepted by the executive committee.

130,000 TONS BATTLESHIPS GO TO SCRAP

Big Move for Reduction Is Said to be in Interest of Economy—Presents Picture for Geneva.

ROME, Aug. 17.—Approximately 130,000 tons of Italy's naval forces will be retired beginning August 28 as a result of an economy move and a sweeping re-organization of the Italian fleet.

These will include two battleships, three heavy cruisers, six cruisers, 23 destroyers and a dozen submarines, all old but still within the age limit.

The ships will be stripped of their crews but not immediately scrapped.

In this condition they will continue to serve as a bargaining point when the world disarmament conference resumes its discussions at Geneva this fall.

CARETAKERS LEFT Caretakers will be left aboard the ships to keep them from deteriorating.

The battleships are the Andrea Doria, 23,000 tons, and her sister ship, the Duilio, these were rushed to the Adriatic.

Mounties Make Over B. Would Save Large Sum Every Year

Matter Being Given Serious Consideration by Attorney-General

VICTORIA, Aug. 17.—Consideration of turning over to the Canadian Mounted Police the police jurisdiction in British Columbia is under investigation by the department of the attorney-general. It was definitely learned here last night that development is being made of the kind of report on British Columbia finances, it was stated.

NO ESTIMATE OF SAVING

No estimate of the saving to the coast government has yet been suggested, although it is believed an estimate is included in the report, which is expected to be released August 28. The report makes recommendations for economy in the provincial administration.

It carried out, the agreement between the federal and provincial governments is expected to be along the lines of agreements recently made between Alberta and Manitoba with the Federal government.

It is also expected that men in the province of British Columbia will be absorbed by the Royal Mounted.

Completion of an agreement for policing British Columbia by the Royal Mounted would mean the withdrawal of Western Canada under the Federal force. Saskatchewan would be absorbed by the Royal Mounted, while Alberta and Manitoba provincial forces were absorbed this spring.

87 MILES ROAD NOW GRAVELLED

Completion of the 87-mile stretch travelling between the town of Lacombe to connect with the Lacombe-east highway, was announced on Wednesday by Hon. C. L. McCreary, minister of public works. Work on this section has been progressing for the last several weeks, and the gravelled road will make an important addition to the main highways system of the province.

The minister also stated that work is nearly completed on the section of the Highway 100 section in the south-eastern section of the province.

A needed addition to the Jasper highway is the grade east of Jasper, which is also now being completed and which will prove a valuable link in the main highway system of the west.

Other roads projects are doing well, as are the various bridge replacements, although at these bridges are small space with no major bridges on the season's program.

H. Ray Milner, K.C., Honorary L.L.B., Edmonton Builders. H. Ray Milner, K.C., B.A., LL.B., manager of the Alberta activities of Northwestern Utilities and Associated Interests, and prominent lawyer, has been gazetted as honorary lieutenant-colonel of the Edmonton Fusiliers, to date from April 21, 1932, according to the official gazette on Wednesday from Ottawa.

Mr. Milner, during the World War, gave up his law practice, and he had recently taken up after graduating from the University of Alberta, and enlisted with a local infantry battalion.

He served with no little distinction in France, coming back after cessation of hostilities to resume law practice.

He is senior member of the legal firm of Milner, Duggan, and W. W. C. is president of the Edmonton Conservative Association.

Bar Association Meet In Calgary Starting Aug. 31 Many Edmonton barristers will attend the seventeenth annual convention of the Canadian Bar Association which will be held at the Hotel Parkway, Calgary, on Thursday, Friday, August 31, September 1 and 2.

Notables in attendance will include Premier R. B. Bennett, K.C., J. H. McLeod, J. E. Brown, W. H. McLeod, J. E. Brown, who has been attending the Imperial Economic Conference in London, the Ontario attorney-general, Hon. Mr. Justice Duggan, W. P. MacCracken, representative of the American Bar Association, and Louis S. St. Laurent, K.C., LL.B., president of the convention.

The preliminary program of the convention will open at 10 a.m. Thursday, August 31, with the conference of commissioners on uniformity of legislation.

The conference will be featured by a number of interesting legal lights in the Dominion and provinces, which are being prepared by the committee in charge.

Lengthy Session Of House Looming Says Hon. Mr. Mackenzie

Former Minister of Immigration in King Cabinet Passes Through City

A session of parliament lasting six months or possibly longer, is being set up for members of the house of commons in the opinion of Hon. Mr. Mackenzie, former minister of immigration in the Mackenzie King cabinet and provincial secretary of British Columbia, who passed through the city on Tuesday night on route to Vancouver.

"Indications are that the parliament will be called together September or early in October, and that adjournment will be taken over the Christmas holidays, but the session will be a very long one, six months or more," he said, pointing out that many important questions were due to be discussed and that the prospects for a record breaking session were very bright.

Hon. Mr. Mackenzie who has just returned from a visit to Great Britain stated that London and the south of England were in the best season of the year since 1913. Conditions generally in that part of Great Britain were good and factories were humming.

The Highlands were in good shape, but the Clyde ship building yards were very busy. He said that in that part of Great Britain was very busy.

NO GREAT DISCONTENT "But there is no great discontent," he said. "They are looking for things to do, and in the meantime they are carrying on with their usual business."

He said that the British Empire was in a healthy condition. In some parts it is really prospering.

In London Hon. Mr. Mackenzie heard some disappointment expressed at the progress of the war, but that at the last moment something would be done to save the situation.

"The general feeling, however, is that the war is not over, but the success that was hoped for it, and which would be a great relief, is not yet in sight."

He said that the British Empire was in a healthy condition. In some parts it is really prospering.

NO DECISION ON TRAFFIC SIGNALS YET

Report of Commissioners Prepared July 15 Has Met With Delay

Prepared by city commissioners and submitted to council on July 15, a lengthy report on the new traffic signal system installed here this spring has met with delay and no decision has been made yet by city council as to whether the system will be retained or not. The report, containing the views of the commissioners, was very brief.

Hadow and Chief of Police A. G. Shute on the automatic system, which is currently laid out until the first meeting of council in August, held August 2. It was again tabled on that date.

Executive of the Alberta Motor Association wished to present views on the system, and a conference was already held with the commissioners in this connection. It is expected that officials of the A.M.A. will be present at the council meeting.

RELIEF COSTS CITY SUM OF \$956 PER DAY

Since January 1, 1932, it has cost Edmonton exactly \$956 per day to supply relief to unemployed persons, according to figures released Wednesday.

This figure is based on a report received from F. J. McKee, manager of the special relief department.

The above figure is only one-third of the total cost, the remainder being borne by the Dominion and provincial governments.

Gross cost of relief for the period from January 1 to August 13, 1932, was \$284,377, as compared to \$281,211 for the corresponding period last year.

For the week ending August 13, married men to the number of 1,130 received direct relief, as compared to 1,230 for the corresponding week last year. A total of \$11,776 was issued in direct relief to married men for the week under review, as against \$12,065 for the week preceding and \$8,000 for the same week a year ago.

Only 31 single men received assistance during the week, the main body of single men being cut off relief on August 1, and this figure was maintained.

One hundred unemployed women and girls received a total of \$277 for the week, as against an expenditure of \$407 on 111 women and girls for the week preceding.

Gross expenditure for the week under review was \$12,722, as compared to \$12,481 for the week preceding and \$10,881 for the corresponding week in 1931.

JERSEY BOXER GAINS VERDICT OVER CARNERA

23-year-old Mixer Out-points Ambling Alp

DREAMLAND PARK, NEWARK, N.J., Aug. 17.—Stanley Poreda, 23-year-old Jersey fighter, who recently lost to the champion, lost last night over the giant Primo Carnera, but a shadow fell almost at once over the victory.

Shortly after Referee Joe Mangiof of Atlantic City had announced his decision, boxing Commissioner George E. Kneen, who was at the ringside, notified Administrative Agent John Flood he would have Mangiof wait this week to explain his reasons for awarding the fight to Poreda.

Overweight 185 pounds by the mountainous Italian, the 23-year-old Jersey City native, won a title fight that tested a quantity of talent in the early rounds, but he was out-pointed by the champion.

A heavy crowd of 10,000 saw the week's major boxing event, and thickly scattered with rapid Poreda's opponent.

The victory was a surprise, as Carnera was expected to win.

WHEAT PRICES SLUMP DURING LATE TRADING

WINNIPEG, Aug. 17.—Increased selling pressure and a sharp decline in wheat prices at Liverpool depressed wheat values today. Despite a fair export trade values struggled in the last half of the close were 3 to 5c lower.

October closed at \$1.36 December at \$1.40 and May at \$1.44.

Pit trade reflected little in the way of foreign demand but shippers made heavy inroads into stock and export sales were sold for shipment to Montreal, presumably for movement overseas.

It was estimated foreign business amounted to 100,000 bushels. Some exporters believed a much larger trade in Canadian wheat was going than appeared on the surface.

Reducing pressure increased somewhat with decrease of new wheat in the country and this selling in the pit, together with other scattered offerings, proved a little too burdensome.

Brumhead placed foreign requirements at 317,000 bushels, or more, and 100,000 bushels below that taken from the last crop year while the first crop of non-European countries has left unchanged at 180,000 bushels.

On the balance side of the picture he believes the Russian surplus of 100,000 bushels compared with 70,000 from last year.

Trade is indifferent demand featured each wheat and coarse grain sections. Prices generally were lower.
